In June, the fifth month of the six-month adjustment period for the fourth COLA under the 2021 Agreement, the CPI-W Unadjusted Index (1967=100) rose to 891.803, an increase over the January 2023 index point upon which employees received the last COLA.

Under the 2021 National Agreement, employees accrued the following adjustments totaling \$3,973.00:
